

We need to purchase a

NEW TRUCK!

Our current truck

Hired truck, bringing in chicken manure

K30,000

Raised @
31/07/26

Over the last 3-4 years our Training Farm and the Living Hope Ministry has gone through some substantial and exciting growth.

But that means that our 3T truck is getting overworked – we're having to borrow and hire to get basics done, and being off the road just for general maintenance causes real hiccups.

It's time to add another truck to our vehicles.

Total estimated cost K400,000 (NZ \$40,000)
